COVINGTON-WALL.

WILLIAM COVINGTON md. MARY WALL in Anson Co., N. C. in 1750. He came from Essex Co., Va. to Anson Co. prior to the Revolution and served there. He was a Capt. in the Va. Militia of Essex Co. in 1753, and then in the Revolution he was Adj. in the 4th N. C. Reg. - enlisted March 28, 1777, and died April 13, 1778. Though he married in Anson Co. in 1750, probably he did not reside in that county until a later time - moving there sometime between 1753 and 1777. With him came a brother, John Covington.

Our N. C. Covington tradition is that three brothers came "with Lord Baltimore" (historical error) in 1632; that the descendants of two of the bros. moved to Carolinas, namely William and John, while one remained in Maryland. This bro. was THOMAS, who md. a dau. of LEVIN DENWOOD. Their son, LEVIN COVINGTON md. Majorie Hollyday and their son, LEONARD COVINGTON md. Rebecca Mackall. This Leonard Covington was a general and was killed in the war of 1812. He had settled in Kentucky and for him the town of Covington was named. He left no male issue, hence the name through his line is extinct.

WANTED: Authentic data from some of the early counties of Va. giving parentage, dates, etc. of WILLIAM COVINGTON.

WANTED: A POYTHRESS connection with the Covington or the Wall family. In every generation of the descendants of WM. & MARY (WALL) COVINGTON, the name POYTHRESS has come down. Did the name come into the family through the Covington or the Wall name, and how?

MARY WALL was said to be the sister to WILLIAM WALL, JR. & JOHN WALL, SR. of Va. Our North Carolina tradition is that these Walls came from Brunswick Co., Va. This can probably be proven later, as I have many notes on the name from that county - ~~xxxxxxxxxxxx~~ - in fact about all that that county shows in its records.

early

WANTED: Any/information in the names of COVINGTON-WALL and POYTHRESS from the early counties from which these other counties were formed - or which lie in the same territory of the state - in all settlements in the early days go back to a small area - and into this area the families of these names came with the first settlements of the colony.

I have quite a few scattering Wills from various ~~sections~~ counties in Va. which would help, except that there is such a duplication of names.

Marriages Or ~~clues~~ clues leading to maiden names of these early grandmothers are wanted.

NEHEMIAH COVENTON, 1649, by Nicholas Waddilow, Northampton.

From "Side-Lights on Maryland History",
by Richardson, Vol. 2, p. 309:

NEHEMIAH COVINGTON is entered on the Land Records of Maryland (Warrants, Liber 7, folio 562) as having immigrated to the Province in the year 1662, with his wife, MARY, and six ch: NEHEMIAH, JOHN, HOAN, KATHERINE, MARGARET & SARAH. His wife died 5 years later and was buried at Manning, the estate of her husband.

Then in the same history, Vol. 1, in the list of names of 1000 early settlers in Maryland with their earliest land surveys, as recorded in Lord Baltimore's Rent Rolls for the various counties, shows:

in Somerset County - "COVINGTON'S VINEYARD" -
300 acres, surveyed March 1, 1663 for NEHEMIAH COVINGTON.

This history also states that "The Covington family in all parts of the State can be traced to the original Nehemiah Covington.

Dear Mrs. Chapman,

I think I mentioned to you before that most of my ancestral lines trace back into Old Virginia, and as you are right in the heart of old Virginia, I'm writing to you again to let you know how you may assist me on another line - or rather lines.

I am enclosing copies of my notes that I have gleaned from various sources in the names of COVINGTON and WALL. Now, these lines are on the opposite side of my house from my Tooke line - the Tooke being my Mother's line and the Covington and Wall being on my Father's side, so one name would not likely have any bearing on the other.

I have written up a sheet explaining how I connect with the Covington and Wall families of North Carolina and, Mrs. Chapman, I would be so grateful to you if you would study over these take-offs and see if you can untangle it for me and help me trace my own direct lines from the William Covington who came into Anson Co., N. C. from Essex Co., Va. and from the Mary Wall who also came into that county with her two bros. from Virginia, back to their immigrant ancestors of these names. Of course, I have studied over these notes a good deal and have an idea as to some probable connections, but I dare not trust my own conclusions, for my only experience is what I have had in the past 5 or 6 years tracing out my own lines, and though I am getting to be a pretty good hand at the job and have been right successful, I still feel that I want an experienced hand to advise me. Naturally, I feel that your knowledge of the early history of Va., with its changing county lines, parishes, etc. you can tell better as to the localities where these early folks lived. Probably where I might think they had moved somewhere, you would know that their land was the same, though listed as lying in several counties in several periods, all the time the succeeding generations living in practically the same territory as their fathers. This is what makes it so hard for me to figure it out and feel that I am anyways near correct. When I have my own direct lines traced out, I hope to use the other notes to connect the various branches of the family - connecting also with the allied families coming in. My Georgia cousin and I are attempting to fit together all of our Tooke notes and are filling out a chart of that name, but as she is not interested or connected in any way with these Covington or Wall lines of mine, I do not have her assistance in this undertaking. I am not enclosing any attempted line-up or chart of these families in Virginia, for the reason that I have not attempted this yet myself - only have in my mind some of the clues that might prove up some way.

If you can figure them out, please illustrate your connections in the form of charts of the Virginia families of Covington & Wall.

We are so delighted that we have made such good progress on our Tooke lines, and when we can find out about our possible Skelton and Ridley connections and furnish wives for some of these other grandfathers, we will have a line to be quite proud of. We yet need to find the name of the wife of James Tooke, the immigrant, - she died before his will was signed in 1659. We also need to find a wife for our John Tooke who died in Brunswick in 1751 - her name was Mary? This John, we figured, was the son of the John Tooke of Surry who married Elizabeth Skelton, and died in Surry in 1721. This John of Surry was son of William who died in Surry in 1675 - who was son of James of Isle of Wight. My line goes like this: *I think?*

James Tooke of Isle of Wight - wife.....
died 1659 " " " died before 1659

Their son:
William Tooke of Surry - wife JANE (Ridley ?)
died 1675 in W ?

Their son: (1)
John Tooke of Surry - wife: ELIZABETH (Skelton ?)
died in Surry in 1721 dau. of Thos. Skelton ?

Their son: (2)
John Tooke of Brunswick - wife: MARY
died in 1751 "

Their son: (3)
John Tooke of Northampton - wife:
Co., N. C. (1st in N. C.)

Their son: (4)
John Tooke of Northampton - wife: MARY-BURT
Co., N. C. (2nd in N.C.) dau. of Wm. Burt of Greensville, Co., Va. d. 1783.

The large family of ch. of these two came into Georgia about 1800.

Please let me hear from you again when you have time, and let me know if you have learned anything further on our Tooke line, and also what you have to add to and assist me in working out my Covington and Wall lines. You may have further references from Isle of Wight or other counties, that may be a help, also.

With many thanks, I am

Cordially,

Lillian Carpenter

I'm still not real sure which names belonged to which. I think the Tooke & Ridleys were by couples did not come in on my direct line but I'm not sure yet. The male line is direct.
